We've come to the final day of the Pedigree Bromont CCI Three-Day Event in Quebec, Canada. It's supposed to be a hot one but the high wind gusts will give us some relief.

All four FEI divisions presented for inspection by the ground jury this morning. In the CCI3\*, all horses presented were accepted so 16 horses will move forward to show jumping. The CCI2\* also passed without incident and 25 horses will go on to the final phase.

Sarah Croft withdrew Nadxieli prior to the start of the CIC2\* jog. Matthew Brown and BCF Belicoso, who lie in sixth place after cross country in the CIC2\*, were held but passed on reinspection.

Our largest division, the CCI\*, saw one horse withdrawn before the jog, Taylor Symon's Breaking Boundaries. Fuzion was sent to the hold box and rider Matt Kidney withdrew him without representing.

Show jumping gets underway at 10:00 a.m. The schedule begins with the CCI1\* followed by the CIC2\*, CCI2\* and wrapping up the day with the CCI3\*.
