It is expected that if you are awarded a Bromont Rising grant, you will participate in the program and educational components of what we are offering you and your team for the week. Our guest coaches are here to work alongside your existing coach and team. You will be expected to be present/participate in the introduction meeting, centreline workshop with Peter Gray, XC prep with Derek DiGrazia and XC course walk with Bettina Hoy. We've worked hard to put together a full educational component in addition to providing funding for travel, if you do not plan on taking advantage of that please refrain from applying.
